COVID-19 Risk Assessments

Date of last review; 5/10/2020

Date of next review; 2/11/2020

COVID-19 Officer; Stuart Fairway

Chairman; Rob Squires

Secretary; Stuart Fairway

Amendments to Risk Assesments;

8/8/2020; First Published

26/8/20; Amendments to Outside Areas, Games and Clubhouse assessments following experiences at soft reopening on 22/8/20.

28/8/20; Amendments to all areas following review of actual against perceived risk.

10/9/20; Amendment to include temperature checking for all.

22/9/20; Amendment to maximum number in changing rooms as per SCFL best practice

5/10/20; Reviewed, added requirement to reserve tables for away side.

RISK ASSESSMENT – HTFC Return to Games

RA002	Site: Beaconsfield	Activity: Games	Location: Beaconsfield Pitch
-------	--------------------	-----------------	------------------------------

1-3		Low Risk		4-6	Medium Risk	7-9	High Risk
Hazard	Likely to be Affected	Risk	Control Measures		Responsibility to Ensure Measure are met		Risk After Measures Controls implemented by:
TRAVELING TO AND ARRIVING AT THE GROUND							
Traveling to ground	Players, Coaches & Officials	4	Players are to travel to the ground individually where possible avoiding public transport. Where this is not possible players are to travel in predetermined travel bubbles which will be the same each week capped at 4 persons maximum. Players are encouraged to wear face coverings if travelling in groups.		Coaches		2
Arriving at ground	Players, Coaches & Officials	4	<p>Players to arrive at the ground no earlier than 1 hour and 15 minutes before the game. Players arriving early will not be let in until the specified time.</p> <p>All players will be subject to a temperature check before being allowed to enter the ground, anyone with a temperature exceeding 37.8°c to be refused entry and advised to isolate immediately.</p> <p>Players will be advised which changing area they are using and if they are in split changing groups (i.e.) maximum groups of 6. If there are split changing groups, they will be advised of the protocols.</p>		Coaches/Committee		2
INSIDE THE GROUND (PREGAME)							
Entering ground	Players, Coaches & Officials	4	<p>Players will only be allowed to enter the ground from the turnstile gate.</p> <p>Once inside the ground they will follow the one-way system to the changing room</p> <p>They must enter through the tunnel door.</p>		Coaches/Committee		2
			For behind closed-door games, the away team will be given the use of both changing rooms, with the home team using the clubhouse. The away team will enter and exit via the tunnel with the home team entering through the clubhouse door and exiting via the fire escape. The club house toilets will be made available for the home team players in this scenario.				

RISK ASSESSMENT – HTFC Return to Games

<p>Entering/exiting changing room prewarm up</p>	<p>Players, Coaches & Officials</p>	<p>4</p>	<p>For games with spectators. Both teams will be allowed to change in groups with a maximum size of 8 players and 1 coach/physio at a time. All players will enter via the tunnel door and make their way to the changing room as specified. Those who are waiting to get changed will wait in the clubhouse/outside.</p> <p>Once changed the players will exit the changing rooms via the tunnel and will go to either the pitch or back into the clubhouse via the one way system.</p> <p>In both scenarios the kit will be laid out with players name above/on their respective kit.</p> <p>It is noted that the sharing of team sheets is to be avoided where possible. We would propose that team sheets are typed in advance of the game and emailed prior to the game to the opposition and the match referee. Any amendments can be verbally communicated to the referee and the opposition in the usual fashion. In addition for track and trace purposes the completed team track and trace for should be handed in at the clubhouse by the Lead Contact.</p>	<p>Coaches/Officials</p>	<p>2</p>
<p>Warm up</p>	<p>Players, Coaches & Officials</p>	<p>4</p>	<p>Each team will warm up in separate halves of the pitch and will practice social distancing for as many of the warmup activities as possible.</p> <p>Coaches are encouraged to do as much of their team talk outside as possible.</p> <p>At the conclusion of the warmup in closed doors games all players will return to the changing rooms in the same manner as they entered them.</p> <p>Team talks should be outside where possible. If this is not possible due to weather, for games with spectators the starting 11 and maximum 2 members of each coaching team will be allowed to enter the respective changing rooms, again entering in the same manner as before i.e. in through tunnel door. Once teams enter the pitch the substitutes may enter the changing rooms to collect spare shirts.</p>	<p>Coaches</p>	<p>2</p>
<p>DURING THE GAME</p>					

RISK ASSESSMENT – HTFC Return to Games

Arrival onto the pitch	Players, Coaches & Officials	4	<p>For closed door games the teams will be entering the pitch from different directions at a time agreed with the match referee.</p> <p>For games played in front of spectators, the away team will exit the changing rooms 5 minutes before the scheduled kick off time with the home team following 1 minute later. The match referee will have the responsibility for calling players onto the pitch in this scenario. It is suggested that the referee uses the bell system, 1 ring for a 1-minute warning, 2 rings for the away team to exit the changing rooms and 3 rings for the home team to exit.</p> <p>Players are encouraged to socially distance with no respect handshakes, huddles etc. permitted.</p>	Coaches/Officials	2
During the Game	Players, Coaches & Officials	5	<p>Staff & Substitutes are encouraged to socially distance on the side of the pitch and additional chairs will be provided for both dugouts. The home and away teams' substitutes will warm up at separate ends of the pitch, warming up along the goal line at their respective ends.</p> <p>Players, Staff & Substitutes are encouraged to avoid unnecessary touching, shouting, spitting etc where practically possible.</p> <p>At the start of the game only 3 balls (all sanitized) will be live at any one time. One on the centre circle & 1 on a cone either side of the halfway line. Where a ball leaves the pitch and cannot be returned immediately a sanitized ball will enter the pitch from either the dugout or the turnstile side.</p> <p>The ball that has been replaced will be returned to either the dugout of the turnstile side where it will be sanitized before being put back into position. Sanitization equipment will be located on both sides of the ground and there will be a designated person on each side responsible for sanitizing the ball.</p> <p>Once a player has been substituted and is not re-entering the game, he is encouraged to return to the changing room and get changed before joining the rest of the team in the dugout.</p> <p>All players will be issued their own water bottle which will be uniquely numbered with their shirt number. Sharing of bottles is not permitted.</p>	Coaches/Officials	2
Stoppages in play	Players, Coaches & Officials	4	<p>During stoppages of play players are to group with the management team for water, instructions etc. During these stoppages players and coaches must maintain social distancing rules.</p> <p>During the stoppages of play, the goals, corner flags and the live match ball will be sanitized. (Procedure to follow in ground RA)</p>	Coaches	2
Half time	Players, Coaches & Officials	4	<p>The starting 11 and maximum 2 members of each coaching team will be allowed to enter the respective changing rooms, again entering in the same manner as before i.e. in through tunnel entrance.</p> <p>Substitutes are encouraged to stay on the pitch during half time.</p>	Coaches	2

RISK ASSESSMENT – HTFC Return to Games

Full Time	Players, Coaches & Officials	4	<p>At the end of the game it is encouraged that the debrief takes place on the pitch before the teams enter the changing rooms.</p> <p>Teams will be allowed to enter the changing rooms in the same manner as described above for before the game.</p> <p>Where players are to enter in small groups, they are encouraged to change quickly to allow their team members to change.</p>	Coaches	2
INSIDE THE GROUND (POSTGAME)					
Changing/showering	Players, Coaches & Officials	4	<p>All players must place their own used kit in the kit bag and not leave it on the floor.</p> <p>Players are encouraged to shower at home, however where this is impractical players may shower with 2 players showering at any one time. Players are also encouraged to place all rubbish, used tape etc into the bin provided.</p> <p>When leaving the changing rooms, players will follow the one-way system and exit as describe above.</p>	Coaches	2
Use of clubhouse postmatch	Players, Coaches & Officials	4	<p>Where the clubhouse is available for use after the game, players will be able to use the facilities in line with the clubhouse RA.</p> <p>All bags will be stored on the stage at the top end of the clubhouse and not on the floor or anywhere else.</p> <p>Tables are to be reserved for the away side.</p> <p>The changing areas will be sanitized at the conclusion of games in line with the clubhouse RA.</p>	Coaches/Committee	2
EXITING AND TRAVELING FROM THE GROUND					
Leaving the ground	Players, Coaches & Officials	4	<p>Players will exit the ground via the south gate</p> <p>Players are encouraged to exit in a timely fashion and not on mass.</p>	Coaches/Committee	2
Travelling home	Players, Coaches & Officials	4	<p>Players are to travel from the ground individually where possible or in predetermined travel bubbles which will be the same each week capped at 4 persons maximum.</p>	Coaches	2

RA004	Beaconsfield – Outside Areas and Refreshment facilities		Activity: Use of areas outside clubhouse	Location: Beaconsfield Ground		
1-3		Low Risk	4-6	Medium Risk	7-9	High Risk
Hazard	Likely to be Affected	Risk	Control Measures	Responsibility to Ensure Measure are met	Risk After Measures Controls implemented by:
